

Product Design Intern (f/m/d)

SEPTEMBER 2026 – FEBRUARY 2027

Are you passionate about creating design that inspires?

At Noto, we focus on bringing product experiences to life. Based in a beautiful old factory near Cologne, we're a team of 15 creatives who love to challenge conventions and push design boundaries.

Why intern with us?

Inspire & be inspired: From ideation to prototyping, explore trends and tools that drive product excellence.

Hands-on experience: With 20+ years of expertise, you'll contribute to real projects alongside experienced designers.

Collaborative environment: Work in an open, diverse environment where your ideas truly matter.

Creative impact: Design products that improve how people live, work and interact.

Community & fun: Enjoy team lunches from our in-house chef, table tennis matches and fun after-work activities.

What you'll do:

- Be part of the full Noto process, from research to final concept.
- Identify user needs, generate insights and explore opportunities.
- Develop ideas through sketches, CAD models, and renderings.
- Build prototypes in our workshop and bring concepts to life.
- Help craft product stories that reflect brand identity and user experience.

What we're looking for:

- You're enrolled in a design program (mandatory internship).
- You think differently, challenge norms and love creating the unexpected.
- You're skilled in visualizing and communicating, with strong proficiency in Adobe CC, CAD and rendering.
- You're confident in spoken and written English and comfortable preparing presentations.
- A positive team player who enjoys working collaboratively and pro actively helps to move things forward.
- Bonus points for creative side skills like photography, video or something entirely unexpected.

Be part of a team that balances excellence with passion, creating designs that are not only visually intriguing but also aim to make a positive impact in the world!

Join our creative journey as a Product Design Intern.

Send us your portfolio - we're excited to meet you!

! Important: The internship must be a mandatory part of your academic program, we will need a written document from your university.

Application timeline is from 11th May until June 14th

Interviews will be held June 15th until June 19th

Decisions will be made soon after.
