Noto

Product Design Internship (f/m/d)

Research, sketch, model and build. Join Noto's team of 15 creatives and contribute to real product design projects, from understanding people's needs to exploring concepts in our workshop.

March - August 2027

WHAT YOU'LL WORK ON

Understand the problem.
Research people's needs and turn insights into design opportunities.

Make ideas tangible.
Explore concepts through sketches, CAD, renderings and workshop prototypes.

Explain the thinking.
Help communicate how a product works, why it matters and how it fits the brand.

WHAT YOU'LL BRING

A foundation in Adobe CC, CAD and rendering, with examples in your portfolio.

Confidence communicating in English and presenting your ideas.

Curiosity, initiative and a willingness to share ideas and work with others.

WHY NOTO

Learn from a studio with 20+ years of product design experience, alongside experienced designers.

Bring your perspective to an open minded team, based in a former factory near Cologne.

Work matters as much as our time together, join table tennis or after-work plans with the team.

IMPORTANT TO KNOW

The internship has to be a mandatory part of your studies. We'll need a confirmation from your university.

DATES

Apply by	7 December 2026
Interviews	7 – 11 December
Decision	Before Christmas

SHOW US HOW YOU THINK

Include your process as well as finished work, and make your contribution to group projects clear.
